

2018 SOUTH CAROLINA CLEAN ENERGY SUMMIT

DECEMBER 18, 2018

8:30 A.M. – 4:30 P.M

Columbia Metropolitan Convention Center • 1101 Lincoln Street, Columbia, SC 29201

CHARTING A NEW PATH FOR SOUTH CAROLINA'S CLEAN ENERGY FUTURE

AGENDA

- 8:00AM SCCEBA BUSINESS MEETING – MEMBERS ONLY – BALLROOM A**
Join SCCEBA's Executive Director and the SCCEBA Board for an interactive discussion on SCCEBA's current organizational structure and future direction. This convening will actually be the first ever SCCEBA membership meeting, so – **if you are a SCCEBA member** – be sure to attend this important gathering. Prospective members are also welcome.
- 8:30AM REGISTRATION & CLEAN ENERGY MARKETPLACE OPEN – BALLROOM A & B**
- 9:00AM OPENING REMARKS – BALLROOM A**
SCCEBA Executive Director Bonnie Loomis
SCCEBA Board Chair Todd Delello, Division Manager Renewable Energy – Gregory Electric
- 9:15AM MORNING PLENARY – BALLROOM A**
**CHARTING A NEW PATH FOR SC'S CLEAN ENERGY FUTURE:
ACHIEVING CONSENSUS THROUGH COLLABORATION**
Session Leader: SCCEBA Board Member Grant Reeves, Senior Vice President – The InterTech Group
In 2014, the South Carolina legislature adopted Act 236, the South Carolina Distributed Energy Resources Act. Act 236 was the result of a collaborative effort that stands in stark contrast to more recent renewable energy legislative efforts. This year's Summit opens with a panel-style conversation among South Carolina energy leaders about the past, present and future of state energy policy development.
- Our Panelists Include:**
- Mike Couick, CEO – The Electric Cooperatives of S.C.
 - Nanette Edwards, Executive Director – S.C. Office of Regulatory Staff
 - Keller Kissam, Senior Vice President – SCANA Corporation; COO & Pres., Generation, Transmission, & Distribution - SCE&G
 - Heather Shirley, Deputy General Counsel - Duke Energy
- 10:15AM NETWORKING BREAK – BALLROOM B**
- 10:45AM MORNING CONCURRENT SESSIONS**
CLEAN ENERGY GENERATION – BALLROOM A
Session Leaders: SCCEBA Board Members
Todd Delello, Division Manager Renewable Energy – Gregory Electric
Brian Harvey, Business Development Director – Entersolar
SCCEBA is working to advance South Carolina's clean power generation to 25% by the year 2025. Where are we now? How do we move forward? What challenges and infrastructure needs exist? How can your company participate in and benefit from this lofty effort?
- These and more questions will be discussed by:**
- Danny Kassis, Vice President Customer Relations & Renewables – SCE&G
 - Jason Martin, PE, Director of Policy & Strategy for Distributed Energy Technology, South Carolina – Duke Energy

10:45AM MORNING CONCURRENT SESSIONS (CONTINUED)

MICROGRIDS & ENERGY STORAGE – SENATE ROOMS A & B

Session Leaders: SCCEBA Board Members

Jim Woods, Manager Clean Energy Products Manager – Shealy Electrical

Jason Martin, Director Distributed Energy Technology – Duke Energy

Energy Storage & Micro Grids are becoming common buzzwords in the industry, but exactly what do they mean and, more importantly, what will be their impact on your business? What are the benefits? How much does it cost? Where's the technology today? What's coming? These questions and others will be answered through a presentation followed by attendee engagement through Q&A, so you can determine if these solutions are best for your business needs.

Session Presenter:

- Howard Self, Director - ABB Smart Grid Center of Excellence

11:45AM NETWORKING BREAK – BALLROOM B

12:15PM LUNCH – BALLROOM A

12:45PM KEYNOTE ADDRESS – BALLROOM A

**CHARTING A NEW PATH FOR SC'S CLEAN ENERGY FUTURE:
LESSONS FROM ACROSS THE COUNTRY**

Speaker: **Paul Quinlan, Clean Tech Manager – ScottMadden Management Consultants**

As South Carolina moves beyond the expectation that new nuclear will be a major part of the state's clean energy mix, there are many paths that can be taken. Which one is "just right" for the Palmetto state? Paul Quinlan with ScottMadden's Energy Practice Group will highlight the good (and the not-so-good) paths taken in other states, offering key insights that can inform the continuing conversation among South Carolina energy, policy, and business leaders about "what's next" in our clean energy future.

1:30PM NETWORKING BREAK – BALLROOM B

2:00PM AFTERNOON CONCURRENT SESSIONS

CLEAN TRANSPORTATION – BALLROOM A

Session Leaders: SCCEBA Board Members

Doug Webster, Senior Associate – CBRE

Jim Woods, Clean Energy Products Manager – Shealy Electrical

SCCEBA is working to advance South Carolina's clean transportation to 25% by the year 2025. Where are we now? How do we move forward? What challenges and infrastructure needs exist? How can your company participate in and benefit from this lofty effort?

These and more questions will be discussed by:

- Keith Moody, General Manager – Clemson Area Transit
- Heather Flanagan, Marketing Manager, EV Infrastructure – ABB Inc.
- Heather Brutz, Clean Transportation Finance & Operations Manager – N.C. Clean Energy Technology Center
- Lang Reynolds, Manager, Electric Transportation – Duke Energy

BUILDING PERFORMANCE – SENATE ROOMS A & B

Session Leader: **SCCEBA Board Member Brad Van Meter - Trane / Ingersoll Rand**

This panel of industry experts will discuss High Performance Buildings from the perspective of both new & existing construction, including energy upgrades and modernization. The emphasis will highlight energy savings to reduce overall ownership and operations costs within both private and public sector. The very latest intelligent building LED lighting systems will be showcased along with other significant energy conservation measures focused on HVAC, building automation system controls, water conservation, renewable energy and other comprehensive solutions. *This session is co-presented with the N.C. Building Performance Association.*

Panel Members include:

- Andrew Wilson, Regional Sales Manager, Lighting – CREE
- Meghan McDermott, Owner - High Performance Building Solutions
- Mark T Godfrey, AIA LEED AP BD+C, LMG Architects, LLC
- Rich Penner, Comprehensive Solutions Manager – Trane
- Ryan Miller, Founder & Executive Director – NC Building Performance Association

3:00PM

NETWORKING BREAK – BALLROOM B

3:30PM

AFTERNOON PLENARY – BALLROOM A

CHARTING A NEW PATH FOR SC’S CLEAN ENERGY FUTURE:

ACHIEVING COMPREHENSIVE POLICY THROUGH PUBLIC LEADERSHIP

Session Leader: SCCEBA Board Member Weston Adams, Partner – Nelson Mullins

South Carolina’s NEW path toward a clean energy future will, most certainly, be connected to recent past, current and future legislation. This session will offer insight from legislators who have been actively engaged in energy policy development on what to expect in the coming years, especially as Act 236 of 2014 faces possible re-authorization.

Confirmed participants as of publication:

- Honorable Jason Elliot, S.C. House of Representatives
- The Honorable Kirkman Finlay, S.C. House of Representatives
- The Honorable Brad Hutto, S.C. Senate
- The Honorable Russell Ott, S.C. House of Representatives

4:30PM

CLOSING COMMENTS – BALLROOM A

CLEAN ENERGY MARKETPLACE CLOSES – BALLROOM B

4:45PM

SC SOLAR BUSINESS ALLIANCE MEETING – HALL OF FAME

5:30PM

PWER HOUR – WORLD OF BEER, 902 GERVAIS STREET

Join PWER - Palmetto Women in Energy & Environmental Resources - after the Summit. This dutch-treat happy hour is for EVERYONE, not just women and not just Summit attendees, interested in networking with professional women in the energy and environmental fields.

THANK YOU FOR JOINING US!
